Te Ara Mahi

*Employment
and
Training
Support*

Our Mission Statement:

To creatively support people to achieve their employment, education and training goals and to promote recovery.

Wheelchair Accessible and Smokefree

What does Te Ara Mahi do ?

Te Ara Mahi works closely with people to help them identify clear employment goals and make progress towards achieving those goals. This can include looking for paid employment and taking on training that will lead to future employment.

Steps along the journey towards paid work may include job sampling or voluntary work - anything that helps jobseekers gain or regain skills, improve motivation and build self-confidence.

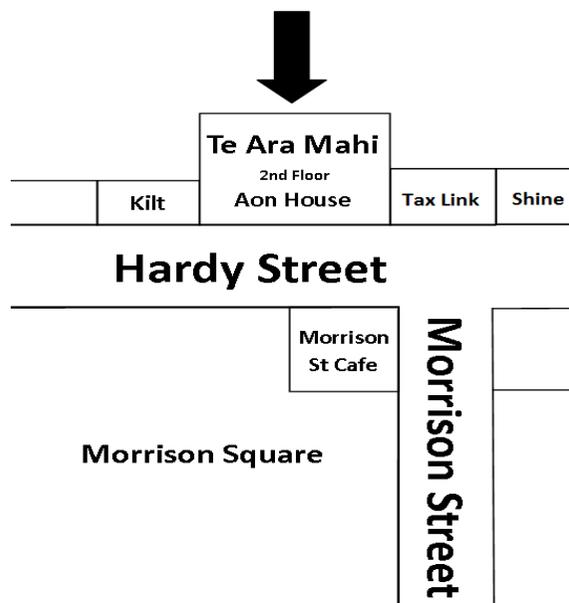

We do not *place* jobseekers in jobs, but actively support people to find suitable and sustainable employment.

We support people who are eligible to use our service in practical ways that help them *find and keep* employment. We encourage jobseekers to develop strategies that help them define their own careers, build on their strengths and work towards recovery.

We work creatively with people in a spirit of empowerment, helping them develop skills and techniques for employment now and in the future.

Our Philosophy

We work in a way that recognises and values the four cornerstones of wellbeing:

Wairua (spiritual)

Hinengaro (psychological and emotional)

Tinana (physical) and

Whanau (family)

We are a community based organisation that is respectful of the cultural diversity and needs of the people who use our service.

Our Staff

Te Ara Mahi staff come from a wide range of careers, backgrounds and life experiences. They understand the needs of people with barriers to employment who are looking for meaningful employment, training or education.

Our staff have experience and qualifications in employment support, career guidance, social work and psychology.

Te Ara Mahi staff have a commitment to provide support that is professional, respectful, friendly and down-to-earth.
